GERARDI MINI SERIES: ANGLE HEADS WITH 90° ANGLE SPINDLE

The new series of MINI heads have been designed based on a grounded technical know-how and a 50 years long experience.

The compact design and the high level of performances of this innovative new angle head series allow to make machinings in position hardly reachable with other types of angle heads.

MACHINING IN REDUCED BORE DIAMETER

Perfect for deburring and countersinking machining, light drilling and willing in reduced bore diameter.

Tools diameter \varnothing 1,6 – \varnothing 3 mm

INTERCHANGEABLE 90° SPINDLES

Four different types of 90° spindles available

- RA-100 - for light drilling and milling
- RA-200 - for light drilling and milling
- IC-300 - for light drilling
- MFC-300S - for countersinking and snagging

SPECIAL MODELS

90° Angle spindles are conceived to work at a very high speed. The quick-change modular coupling allows quick and complete interchangeability of all spindles on the same head.

EXTENSION

Thanks to the extension it's possible to increase the total length of the head mounting between body and Spindle.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
