## **A COMBINATION OF VERSATILITY AND SUSTAINABILITY**

With the new CPG-82 thermoforming machine, COMI PACKAGING ushers in a real breakthrough in sustainability and versatility thanks to an optimal balance between performance and eco-conscious operations, addressing the market's evolving needs in terms of increased productivity and reduced impact on the environment.

In particular, the CPG-82 model consumes significantly less electrical power, taking a pivotal step towards a greener, more sustainable future for packaging solutions. Its development marks a shift towards eco-conscious operations without compromising on operational quality and production efficiency. By reducing electrical power consumption, it minimizes the carbon footprint, aligning with global sustainability goals.

A notable strength of this thermoforming machine is its versatility in different production settings. From food and beverage to pharmaceuticals, this machine promises unparalleled performance without compromising its eco-friendly footprint.

The features of the new CPG-82 model can be summarized as: improved performance and reliability, offering high-level packaging standards; higher energy efficiency, marking a significant step towards sustainability; fabricated with recyclable and biodegradable materials; versatile management of different packaging needs, ensuring process adaptability; configuration in three versions; tool size 820x650 mm; easy integration with downstream automation systems for product packaging.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
