Need Buyer Credit Finance to buy machine?

We can help you!

please write to us – italianmachinery@indiaitaly.com

GERARDI EXTENDED SERIES: THE NEW ANGLE HEADS WITH TURRET

New **EXTENDED** angle heads have been designed from a solid technical base and from experience gained in 50 years, side by side with our customers.

With this new series of angle heads we increased the length keeping the same performances.

EXTENDED ANGLE HEADS FOR IN-DEPTH MACHININGS

Possibility to have different custom-made lengths, in order to realize machinings to the inside of workpiece or big pipes.

MULTIPOINT ANTIROTATION SYSTEM

The anti-rotation **MULTIPOINT** system is made of 3 brace points for granting an higher rigidity than standard and an anti-rotation pin. This system is specifically studied on each application according to the customer's machine spindle in order to allow heavy duty machining, to avoid any type of vibration and to mount on any type of machine spindle.

CATALOGUE MODELS

Already available on the catalog 4 different lengths with operating range from 240 to 332 mm.

INTEGRAL SHAFT

Custom made integral shaft in a single piece to offer the maximum rigidity and the best performance.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
