VACCARI PRESSES, STATE-OF-THE-ART MACHINES FOR THE INDIAN FORGING INDUSTRIES

The VACCARI presses are the result of a long experience in the field of forging machines manufacturing and the latest technologies in terms of energy saving and intelligent management of the working cycle.

VACCARI screw press mod. AMP410 with robot

Capable of up to 100.000 kN, the **VACCARI screw presses** are well appreciated among small, medium and big forging industries all over the world.

Their heavy-duty structure makes them reliable even in the more demanding applications and their design do assure a very effective energy transmission directly to the workpiece.

Precision and blow repeatability are other distinctive characteristics, which make them suitable even in case of near net shape and flashless forging.

The many successful installations all over India are the proof of the trust placed by the Indian Forging Industries in the VACCARI presses.

Flexible machines, used to forge a big variety of components for several sectors: 2-, 3- and 4-wheels Vehicles, Trucks Industry, Agriculture and Off-Roads Machines, Oil & Gas, Mining and Construction Machines, Aeronautics and Defence just to mention some.

With possibility of interconnection with the customer production and monitoring system, the intelligent control of the blow and the energy saving system, the VACCARI screw presses are the right choice for the Forging Industry of the future.

The project Piattaforma India has been promoted by UCIMU – Association of Italian Machine Tools Manufacturers and AMAPLAST – Italian Plastics and Rubber Processing Machinery and Moulds Manufacturers Association. The two associations agreed on the idea that promoting a network of associations and entrepreneurs who have developed knowledge and experience on the Indian market, can be useful in favoring of new paths of development for business. The Indian companies who are interested to form JV, cooperation, technical tie up, purchase machinery etc from/with Italian companies can contact below mentioned address for any assistance:
