Impresa Awards

First launched in 1999, the **Impresa Awards** are promoted by the IICCI – Indo-Italian Chamber of Commerce and Industry and are a **recognition of entrepreneurial and managerial excellence** achieved by IICCI members.

The awards focus on three areas of strategic importance for Indo-Italian relations:

- **Innovation & Industry 4.0**
- **Sustainability & Circular Economy**
- **Community Building & Social Inclusion**

The applications received are scrutinized and assessed by a panel of experts in the respective domains, and the winning companies are awarded in a ceremony that celebrates their efforts towards innovation, sustainability and corporate social responsibility.

Why Impresa Awards?

Innovation, Environmental and Social Sustainability are at the core of Made in Italy and of the Italian way of Making. Italy is a global leader in these areas, and its embedded know-how adds a significant value of the Italian investments abroad.

Sustainability

Italy is a leading country for sustainability → A quarter of the total Italian business have invested in green products and technology to reduce their environmental impact, save energy and restrict CO2 emissions → green economy accounts for 3 million jobs, 13% of overall employment in Italy. Green-oriented companies are confirmed to be more competitive.

Corporate Social Responsibility

Corporate Social Responsibility Expenditure among Italian Companies →
2021: 2,16 billion Euros for 96% of active companies > in 20 years it quintupled.

Industry 4.0

The Industry 4.0 market accelerated in 2021 compared to 2020, driven by investments in Cloud Manufacturing (+25-30%) and Advanced Automation (+15-20%). In 2020 market was already worth 4.1 billion EUR: 60% dedicated to Industrial IoT, then Industrial Analytics (17%), Cloud Manufacturing (8%), consultancy and training (7%).
